## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Boissevain et al (US 3,779,003).

Boissevain et al disclose a cable guiding device comprising: a chain (21), a cable (29), and a support (33), said support intersects the chain and supports the cable disposed in the chain and the support is flexed in the longitudinal direction of the cable (see Figs 1).

Re claim 2, the support is composed of an elastomer containing a rubber and a thermoplastic elastomer (col. 1 lines 5-56).

### ***Response to Arguments***

Some further comments regarding the applicant's remarks are deemed appropriate.

The applicant argues that the Boissevain reference fails to meet the limitations of the claims because the support does not flex in the longitudinal direction of the cable. Figure 1 shows that as the gauging head (17) moves in the direction of the arrows shown the chain will flex in the longitudinal direction of the cable (see Fig 1).

The applicant's remarks have been accorded due consideration, however, they are not deemed fully persuasive.

***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
